Once upon a nightmare, three little KILLER pigs lived in a large cornfield, hidden from the world behind towering stalks & twisted vines. These were no ordinary pigs; they were clever, vengeful creatures, their hooves stained with the blood. These pigs didn't fear the big, bad wolf—in fact, they relished hunting him down, along with anyone foolish enough to enter their deadly maze. This is not a fairy tale, but the dark, forgotten chapter of the story you thought you knew.
